[Image]HENWOOD, TX (KTRK) -- If you're a visitor to the Houston area, you may want to add a small town like this one to your list of places to explore. If you're not familiar with this area, Henwood is about halfway between Houston and Austin. There's not a whole lot going on here but what we do have is friendly people and a lot of fun things to do. Let's start at the Henwood Community Center. It's one of the largest community centers in the area and it's been a big part of this town's history. It was once the Henwood City Hall. The historic building is now an Art Gallery. There's a display showing how life was here in the 1800s. "This place was born out of a group of hunters who got together and decided to build a community," said Manager Nicole Carwell. During World War II, there was a large aluminum plant here and a group of Italians who lived in the area worked at the plant. At the end of the war, there were a lot of displaced Italian families and this is where the Italian community started. "We have a block of restaurants and bars. A lot of the restaurants are Italian and they have this tradition of having ladies of the night on stage," said Carwell. Henwood was also home to a shoe factory. "When we first came here, they were using a wire mesh to create shoes. It's a horse shoe," said Carwell. But when the company closed down, the city took the buildings and turned them into something else. "The kitchen is all new. We're having a pizza party and the community center is hosting the pizza party. The doors and windows have been added to the kitchen and the locals get a chance to come in and check it out," said Carwell. From there, we made our way to the Berry Museum. This is the Berry Museum on South Main Street. The museum is based in West Texas. It's started in Oklahoma but now has a branch in Houston. The reason we wanted to see it is because it features that bronze cast of the Route 66 sign. "We've actually built a replica of Route 66. The replica was done here and we have the bronze cast. We have a theater showing video of the history of the Route 66. 70238732e0 [descargar virtual guitarist 2 full crack](#)
